Using VMs for Special Purposes, SUSEstudio talk and BTRFS presentation

August Meeting: Using VMs for Special Purposes, SUSEstudio talk and BTRFS presentation

Date: August 6, 2013 at 7 p.m.
Location: Shopify Headquarters

This month we are having a short talk on the utility of VMs for accomplishing specific goals and the main talk will be based on a demo of SUSEstudio and BTRFS

VMs as a solution for badly designed services

Speaker: John C. Nash

John Nash will be presenting a short talk on his experiences with the Ottawa Public Library and how he solved his issues with their lending system.

About the Speaker

Retired Professor of Management at U of Ottawa.

- 2006 - May – Pres. of OCLUG – Now I'll have to learn more about Linux!

- 2007 - Mar – have learned a lot, including how much still to learn.

SUSEstudio

Speaker: Sean Rickerd

Sean Rickerd will be giving a talk and demo of SUSEstudio

About the Speaker

Sean is currently a sales engineer with SUSE, having held that position since March of 2013. Prior to that, Sean has worked at Headstrong and Rocket Networks.

Overview of the BTRFS

Speaker: Sean Rickerd

Sean Rickerd will be giving a talk and demo of the BTRFS (Butter/Better/B-Tree File System) which is considered production ready with SUSE Linux

About the Speaker

Sean is currently a sales engineer with SUSE, having held that position since March of 2013. Prior to that, Sean has worked at Headstrong and Rocket Networks.
