Inaugural Randal Leavitt Memorial Seminar GIMP - free/libre image manipulation software

Why spend big bucks on Photoshop or Paint Shop Pro? The GIMP runs on Windows, Mac and Linux. Gary Jones, Ottawa photographer and digital image specialist, will present a hands-on introduction to GIMP. Bring your laptop and follow the presentation. Find information and software at <http://devel.oclug.on.ca/wiki/LMS110625>

The Leavitt Memorial Seminars are an activity of the Ottawa Canada Linux Users Group to promote interest in and understanding of free/libre and open-source software. They are named in honour of the late Randal Leavitt, who was a founder and early President of OCLUG.

There is no charge for this event. More information from info@oclug.on.ca
