## Scripting and script examples

# December Meeting: Scripting and script examples

Date: December 7, 2017 at 7 p.m.
Location: Algonquin (Woodroffe) P201

This will be a karaoke session for members to present short examples of scripting in different tools. We hope for “cool” examples which illustrate interesting ways to write scripts to carry out useful or simply amusing tasks. Remember to include pros and cons of the tools used.

We have registered an Hour of Code event for this evening. https://hourofcode.com
