Table of Contents

- Administrivia:
  - Elections are next month, so if you want to change out the board, this is your opportunity.
    - If you want to self-nominate, send an email to the secretary to be placed on the candidate list.
    - The list of candidates will be posted on the wiki prior to the election.
- Discussions:
  - Wireguard Talk
    - WireGuard is an open-source software application and protocol that implements virtual private network techniques to create secure point-to-point connections in routed or bridged configurations.
    - Presented by Qingwei Zhang
  - Quilt Talk
    - Quilt is an open-source software application for patch management. The basic idea behind quilt is to maintain patches instead of maintaining source files.
    - Presented by Brenda Butler
  - Hot Topics: Open
