Linux-Ottawa May 2026 Meeting.

Date/Time:

Thursday May 7th at 7pm

Format:

1. Online over Jitsi https://meet.jit.si/oclug_2026-05-07_meeting
2. Check the mailing list for in-person clusters being hosted by other members.

Program:

Topics

- Authentication
  - There has been some queries regarding authentication systems such as passkeys, hardware tokens, authenticator apps, etc. We should have a discussion on a few of these technologies since plain old passwords are starting to show their age and many services are requiring alternate authentication methods. In light of that, if you have a pet item you are interested in, show up and either talk about it or ask if anyone has any knowledge of it. Open to all, however a few people may already have already prepared a brief talk.
