We held an election anyway, to try out the Scantegrity II system, with some "fake" floor candidates:

- Floor candidate 1: Hillary Clinton

- Floor candidate 3: John McCain

Extra note

Three people who wanted to vote and who should have been on the list of eligible voters were not on the list. That was my mistake. I will find the right voters list before I hand it over to the new board. I think I substituted an older list for the current list at some point in the last few months.
