# OCLUG Board Meeting May 25, 2017

## Attendees:

### Board:

- Kelly Kendrick (x)
- Scott Murphy (x)
- Bruce Davis (x)
- Ian Gorman (x)
- John Nash ()

### Guests:

- None

## Start time:

22:30

## Location:

Virtual via OCLUG Slack

## Approval of Agenda

Moved by Bruce Seconded by Ian

## Review of any outstanding minutes

- Approval of April minutes - approved
  - Kelly moved to approved
  - Scott seconded

## Regular Agenda Items

## Committee Reports

### New to Linux (New Users)

- (Scott) "None that I can remember, maybe there was something I missed"

### L3GO (Low Level Linux Group)

- (IanG) "There was, but I did not attend this month"

### OCLUG Distro Project Update

- John
  - Hacking event summary
    - there were three people present and progress was made. John probably posted the notes in the wiki if anyone is interested.

### Treasurer's Report

- TODO
  - Change account type so we only receive electronic copies
    - If this does not allow for viewing online, then RBC offers this service. Maybe even TD. Tangerine might serve, but read-only and deposit access may be an issue.
- Get at least one additional signature on the bank account
  - Currently: Scott, Aaron, Rob and RGB.
  - Ian, possibly John to be added.
  - Might need to remove Aaron, Rob and RGB.
- We will appoint a treasurer at the first meeting after the AGM
- No movement was made on this beyond contacting Aaron to see if he would be available for this task. He is available whenever we get it set up
- I need to visit the Bells Corners branch and find out if we can do it there or if we need to go downtown.

### Room Allocation

We have a room for the next three meetings. Kelly is supposed to have you're doing that an idea as to the availability of a room at his building. \* need to find out about cost and parking before making a decision

## Old Data Recovery

- Scott
  - Still have not spent any time on this yet, hoping to get to it shortly.

## Wiki Info

- John was going to look into ACLs
- A couple of plugins were added.

## OCLUG Branding Continuation

- No movement on this beyond the stickers arrived. I'll have handfuls for the meeting on June 1

## Tux "Maintenance"

- No action here. Will be emailing Richard about the hardware.
- Not too sure about the static approach at this time, need to look at the functions and who is using them.

(scott) Tux maintenance. I have not talked to RGB about shutting down the old hardware and migrating to a VPS yet, however I have acquired a VPS to use and will get started on the migration shortly. Changing from Django may not happen, as we do use some of the functionality.

## Board Meetings and Openness

- The calendar item I mentioned will probably solve this. Meetings will be listed, as well as board meetings. The board meeting item will have a statement that the meetings are open to members.

## Mailing List Rework

- Nothing done here yet. I'll be getting to it over the next couple of weeks.
- Just as a reminder, the action items that come out of this are:
  - Calendar system that allows subscriptions (see previous item as well)
  - Archiving of the old lists and making them available
  - Investigate upgrading Mailman to v3 or replace it with [mlmmj](<http://mlmmj.org/>)

## Planned Regular Meetings

## June

- Speaker: Bruce Davis
  - Topic: What I learned at HTML 150
- Speaker:
  - Topic:

## Linux in the Wild 2017

- July 16, 13:00 at Strathcona Park
- We should have a demo of something - ideas? My drone is out, no longer allowed to fly it there.

## July

- Speaker: Scott Murphy
  - Pi Night
    - Using a Raspberry Pi as a Software Defined Radio
    - Raspberry Pi FM transmitter

## August???

## List of possible topics

Dropping the list of topics from the agenda this month, we will revisit next month

## New business:

## Adjournment:

23:30
