This Wiki

To edit this wiki you must obtain an account from the current board. We have replaced the older trac wiki with dokuwiki in order to make it a little easier for keeping the pages updated and avoiding the oddities with registered users that have plagued us in the past.

An email to the board (#board-members#@#linux-ottawa.org#)[1] should get you a response reasonably quickly. We are trying to avoid the insane number of registrations that trac has collected which usually require some back end manipulation to recover valid accounts.

[1] Of course, you will need to remove the '#' characters
