October Meeting: Ransomware

Date: October 6, 2016 at 7 p.m.
Location: Algonquin College (Woodroffe Campus), room B185

Tonight we will have one presentation with the possibility of a second one. Patrick Malcolm will be giving a talk on ransomware. Given the interest and questions from the last talk, we are only scheduling one presentation this time.

Pre-meeting:

There will be a one hour pre-meeting item from 18:00 to 19:00 for people who are new to Linux, have general questions, or wish to help out with people who are just getting started.

After Meeting Social:

After the meeting, there will be a social event at one of the nearby pubs or restaurants. A short discussion and vote as to location will be taken then.

GPG Keysigning:

After the main talk and possibly the BoF, there will be the opportunity for a GPG key signing. This is a monthly offering, just look for Scott after the talk and we can go from there. Bring some kind of photo ID and some keyslips if you expect people to sign your key.If you need some method of creating pages of keyslips, there is an online slip generator available.

Ransomware: A Discussion

Speaker: Patrick Malcom

No details have been provided, however those who have heard Patrick talk will agree that no matter what, it will be an interesting presentation. You might want a notebook and some stimulants to keep up.

About the Speaker

Patrick Malcolm, President of NetRunner is a trusted educator to clients like: the Department of National Defence, Canadian Security Establishment, IBM, The Royal Bank of Canada, the RCMP High Tech Crime Unit, Canadian Police College. An entertaining and knowledgeable storyteller, Patrick combines compelling storytelling with technical facts that engage and give participants a memorable experience.
