Australian Linux Conference, HDR photography

February Meeting: Australian Linux Conference, HDR photography

Date: February 3, 2009 at 7 p.m.

Location: [Algonquin College \(Woodroffe Campus\), room T117](#)

UPDATE Richard Guy Briggs has [posted photos taken at the meeting](#)

Australian Linux Conference

Speaker: [Josh Bush](#)

The 10th Australian Linux Conference was recently held in Hobart, Tasmania. The speaker is visiting from Tasmania again and will give us a report on the conference.

Reference: <http://Linux.conf.au>

20 - 30 min

About the Speaker

I'm a contributor to Neverball (<http://icculus.org/neverball> and <http://nevercorner.net>). I've been involved in a lot of local F/OSS awareness raising in Tasmania and have been behind our initiative to bring better resource sharing and encourage interaction between our F/OSS communities. I work as a sys admin/it consultant.

HDR (High Dynamic Range) Photography tools

Speaker: [Josh Bush](#)

The speaker will describe HDR photography and how the Linux tools qtpfsgui and hugin.

20 - 30 min
