Cody Somerville

Cody Somerville is a Software Systems Engineer at HP where he works to drive innovation and integration of cloud computing technology. Prior to joining HP, Cody was an engineer at Canonical - the commercial sponsor of the Ubuntu project - where he designed and implemented the image building, software package repository management, and release infrastructure used by the Professional Engineering and Services group to deliver Ubuntu pre-installed on millions of devices. Cody is also an Ubuntu Core Developer and the former project lead for the Xubuntu flavour of the popular Ubuntu Linux Distribution.

Talks given:

2013.05.02 May Meeting: Intro to OpenStack
