Windows to Linux Transition 3

Windows to Linux Transition

The purpose of this page is to highlight some of the sources of information about migrating from using Windows to using Linux. We also hope to include tips from OCLUG members. New Linux users are invited to register and to pose questions here, which we will hopefully answer. If you don't get a reply in a few days, you might try prompting us on the Linux list http://oclug.on.ca/mailman/listinfo/linux

December 3rd 2008 addition:

See page "Win2LinDistroSelection" for some information.
